

Original with Eng. Dept.

Extract from a letter received in this Office from the
Rotterdam Surveyors dated 7th January, 1952.

how "Coimbra"

"Messrs. A. de Jong N.V. of Vlaardingen would be glad if you could supply them with test certificates and material test certificates of the Boiler, Crankshaft and Shafting of the s.s. "HERMETRAY", stated to have been built in 1944 in England under L.R. supervision. The Boiler and Machinery installation will be removed from this vessel and placed in a tug under B.V. class."
