# Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

25th January, 1946.

H.M.S. "OINA"

Dear Sirs,

M.

I am in receipt of Mr. Dean's letter of the 23rd instant, enclosing part General Arrangement plans in connection with the re-conditioning of the above vessel as a Royal Fleet Auxiliary, Merchant Ship conditions, and have to inform you that the matter mentioned in the third paragraph of his letter has been carefully examined, and it is considered that with the centre compartment used as workshops and stores and spirit carried around this space, cofferdams should be built in No.1 wings and at the after side of the after boundary of No.2 tank.

The plans are being retained.

Yours faithfully,

Secretary.

The Surveyors,  
NEWCASTLE-ON-TYNE.
