Your Ref: Classn. (S)

Our Ref: .....

Dear Sir,

"NAGOSAN MARU"  
Kobe Report No. 8236

We acknowledge receipt of your classing letter dated 10th February, 1961. As requested, we enclose the approved copies of the Midship Section and Profile and Decks.

*not need  
with the*

We confirm the moulded length for Register Book purposes as being 403 ft. 7 in. and the length of Forecastle is 79 ft., also that Longitudinal Framing is fitted at bottom and deck.

The plan showing the disposition of the various forgings and castings in the Main Engine built up crankshaft is enclosed.

We would confirm that the writer joined in the survey of this ship during various stages of construction. Unfortunately this particular report was forwarded to you before he checked same and due to this, he regrets his signature was not added to the report.

We regret the above and apologise for the inconvenience caused.

Yours faithfully,

*J. Bowman*  
 For the Surveyors.

Encl.:-

As stated above.

The Secretary,  
 LONDON.
