

ved by Chief Ship Surveyor

Received from Chief Ship Surveyor

SEL'S NAME Steel S.S. "CAVENDISH"

Rpt.

Hull

No. 32238

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

re of Survey

First Entry

Before this case receives consideration the Surveyors should be requested to state whether the size of bilge keelson & thickness of upper deck ~~stringer~~ stringerplate given on report are correct in view of scantlings on plan forwarded with report. The length given for the quarter deck is evidently an error & the surveyors should also be requested to verify this.
