Telex No.: 24305

5th October, 1964.

Dear Sirs,

C.  
DNS/BN

## CLASSING LETTER

20992 "SUDBURY HILL". As recommended, except that class has been continued subject to rudder bottom bush being specially examined and dealt with as necessary next drydocking. I have to point out that according to the records in this Office the machinery is not being surveyed on the Continuous Survey basis.

It is concluded that the screwshaft was not examined at this time, but your confirmation is desired.

Yours faithfully,

pro Clerk to the  
Classification Committee.

The Surveyors,  
MANCHESTER.
