

S.S. "BELFRI".  
-----

A letter was received on the 17th instant from the Oslo Surveyors submitting a proposal in regard to alterations to Nos. 1 and 2 hatchways, but it was not until the next day that a letter was received stating that the vessel was to be classed with this Society. The plans were examined without delay and were returned the next day (19th instant), a wire being sent at that time with regard to the proposal to alter the hatchway arrangements.

There has therefore been no delay in the matter, and it is submitted Messrs. John Ogden & Co.Ltd. be informed as above.
