

3m.6.52

Received by Chief Ship Surveyor

Received from Chief Ship Surveyor

VESSEL'S NAME s.s. "MERNOO"

REPORT

Mel. No. 14660.

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

Refer endorsement dated 2.10.56 and our letter dated 3.10.56 to the Hong Kong Surveyors.

In reply to the enquiry the HONG KONG Surveyors have advised by cablegram received 15.10.56 that the class of the above named ship has been transferred to the Bureau Veritas.

The SPECIAL SURVEY (B) (due 7.56) has not been held and the General Examination for postponement of this Survey has been commenced but not completed, the Surveyors reporting that in view of the extensive repairs required at this time the Owners had decided to discontinue the Survey pending a decision regarding the future of this ship which was sold to the present Owners who have not carried out anything further with regard to Survey or repairs so far as the Society is concerned.

IT IS SUBMITTED for the consideration of the Committee therefore, whether the class of this ship be EXPUNGED for reported defects OR for non-compliance with the Regulations.
