ANSWER

Copy of my reply to yours of the 16.3.64

Date:- "Santos, 23.4.64

Dear Sir,

I am advised by the Owners Office that the ship has been into Rio de Janeiro for a damage docking, and has a further extension on the Special Survey date.

This I questioned, and I am told that the ship is at present in the North of Brazil and is due in Santos in about one month's time, when I can "see" her.

There would appear to be no arrangements made at this time and we have no docking facilities for the next six months."

Yours faithfully,
