Leith, 4th March, 1931.

Dear Mr. Ascough,

I am in receipt of your letter of the 2nd of March with reference to the reports on the "MARGARITA" and "FOLDA" which you state did not come to hand, although they were despatched from here on the 24th February. If you have not yet received them they must have gone astray in the post, as other letters posted at the same time have been acknowledged.

We also despatched to the Secretary on that day the Classification Certificates for the Motor Vessel "AGUILA" recently completed by Messrs. Henry Robb Ltd., requesting that the Owners' name might be altered. Up to the present we have not had a reply, and, in view of your letter, I am now wondering if this envelope has also gone astray.

I shall be glad to have a reply by return so that we can deal with the matter.

Kind regards,

Yours faithfully,

H.C. Ascough Esq.,
LONDON.

John Houston
