Lloyd's Register of Shipping.

Port Buenos Aires.

6th. July 1936.

This is to Certify *that I have*

Surveyed the twin screw motor vessel "AGUILA II", of Buenos Aires,

822 tons net register, whilst in dry dock and afloat, and after

fitting electric driven windlass, and electric steering gear.

and that I have transmitted to the Committee of Lloyd's Register of Shipping, London, a Report, stating that all repairs recommended by me have been completed to my satisfaction, and

that I have Recommended that she be continued as classed in
the Register Book with record of survey 6-36, subject to bottom
plating in way of forward hold being specially examined at the
next dry docking.

being fit to carry her cargoes in safety.

Ameylsme.

Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
