This is to Certify that

GEORGE A. LAING

the undersigned Surveyor to this Society did at the request of Messrs. W. H. Allen Sons & Co. Ltd. of Bedford attend at their Works on the 1st October, 1935, and subsequently, for the purpose of examining during construction and witnessing tests on one Diesel Electric Generating Set made to the order of The Forestal Land, Timber & Railway Company, Lim., and intended for the m.v. "AGUILA II", belonging to the Cia. Argentina de Lanchas of Buenos Aires.

Mechanical and hydraulic pressure tests on the materials used have been carried out in accordance with this Society's Rules.

The various parts have been examined during machining, and when finished, and as far as can be seen, they are sound and free from defects and the workmanship is good.

The Engine No. K1/54605, having two cylinders, 200 m.m. diameter and Stroke 275 m.m. is of the Four Stroke Cycle, Single Acting type was ~~RUN~~ upon the test bench, direct coupled to its generator No. E1/54605 in the presence of the undersigned and found satisfactory.

Full speed, 10% overload, governing, insulation and regulation tests were witnessed and found satisfactory.

Rise of temperature after the full power run was noted,

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:-

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."

and found to conform to this Society's Rules.
