W.  
Dear Sirs,

I am in receipt of Mr. Collinson's letter of the 19th instant regarding a number of alterations asked for by the Convoy Equipment Inspecting Officer in the case of a Tanker recently completed at your port, thus delaying the vessel and causing extra work and I note his remarks.

In the first place, however, I shall be glad if you will let me know exactly what extra work and alterations were requested, and whether they were additional to the Specification supplied by the Ministry.

I am, Dear Sirs,

Yours faithfully,

(sgd) H.J.Green.  
pro Secretary.

The Surveyors,  
HULL.
