Dear Mr. Sladden,

Mr. Johnson had a few words with me this morning about the case of the Tanker "EMMY FRIEDERICH", the class of which I gather we are losing. I see that in the Register Book her class has been suspended pending the stiffening being carried out.

In view of what he said, I asked him to let me have, for your information, a copy of the letter he had received from his Underwriting Agent in Hamburg. He added that they are watching the case very carefully from their angle.

Yours sincerely,

Charles Hancock
