General Observations, Opinion as to Class, Recommendation, &c.:
 State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon this survey, thus, for example: "to remain as classed in the Register Book without fresh record of Survey," "to remain as classed and to have record of survey, 1,38," or "to remain as classed and to have record of survey, 1,38, and the notations of ss No. 1-38."
 This vessel is in good condition and is eligible in my opinion, to remain in new class with fresh record of survey 10.51, and notation of S.S. Bkn 11.51, and endorsement (B) Indents in bottom and side shell plating (p.t.) to be dealt with at the owners convenience.
