

"ISLE OF SILHOUETTE"

IT IS SUBMITTED the New York Surveyors be advised, in reply to their cablegram dated 19.4.55, that before the class of this ship can be reinstated in the Register Book as formerly it will be necessary for:-

A complete Special Survey of the machinery, including screwshaft and electrical installation,

Any alterations that may have been made since the machinery was disclassed, which might affect the class, should be submitted for consideration.
