Sir,

Please find enclosed Reports 8 and 9 on "ISLE OF SILHOUETTE"
are self-explanatory.

The Ownership is still in dispute and none of the Claimants
prepared to spend money on the vessel until ownership is
led, in the meanwhile the machinery and electrical
allation which were flooded are not being attended to with
equent detriment to the installations.

For the private inforamation of the Committee I have
I that the Portuguese crew have not been paid for some
and I do not think they are prepared to open up the
inery for cleaning out or overhaul.

I have recommended that the vessel be expunged from the
ster Book with the notation 8.54 on account of the above

ition also in view of the severe straining she sustained
e beached and the condition of shell due to marine termites.

I am, Dear Sir,
Yours faithfully,

John Jones

Secretary,
ON.
