Wood Motor Vessel "ADMIRAL GRENVILLE"

Mr. Vaux, Grimsby advised by telephone this vessel was on the slipway at Grimsby with stern tube and shaft trouble and that the vessel is stated to be hogged 5" to 6".

The vessel was recently classed with this Society under the survey of Mr. Robertson, with whom the case has been discussed, and it is submitted, as requested by Mr. Vaux, that Mr. Robertson proceed to Grimsby to join in the survey.

Mr. Robertson has been advised and is arranging to proceed to Grimsby tomorrow.

The necessary reports and particulars should be forwarded to the Grimsby Surveyors for their guidance, and Mr. McMillan, Principal Surveyor Hull and Grimsby district should also be advised.
