

23rd November, 1948.

Dear Sir,

Wood Motorship "ADMIRAL GRENVILLE"

S.

With reference to the case of the above-named vessel, Mr. Vaux has telephoned that she is on the slipway at Grimsby with stern tube and shaft trouble and is stated to be hogged 5" to 6".

As a survey for classification was recently held on this ship in which Mr. J. M. Robertson joined, he is being requested to proceed to Grimsby to-morrow for a further inspection of the ship, and the First Entry Report has been forwarded to the Grimsby Surveyors for their guidance.

Yours faithfully,

J. McMillan, Esq.,
HULL.
