

18th November, 1948.

Dear Sirs,

H.

I am in receipt of your letter of the 15th instant respecting the ~~Steamer~~ "ADMIRAL GRENVILLE", and have to acquaint you that this vessel has been under survey at Appledore recently and that the local Surveyor states that his reports will be forwarded in the course of the next few days. It is understood that he is recommending the vessel for the classification of "8A-" with records of Docking 8,48, LMC 8,48, Screwshaft Survey 5,48 (oil gland) subject to spare gear being supplied as required by the Rules.

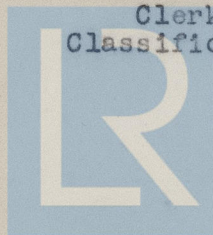

I trust that this information will be sufficient to enable you to deal with the case.

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,

HULL.
