Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

1st March, 1935.

Dear Sirs,

E. I duly received your letter of the 23rd ultimo, forwarding one from Messrs. Harland & Wolff, Ltd., together with plans in connexion with the boilers of the s.s. "ALCANTARA", and with regard thereto, I have to inform you that the plans showing arrangement of uptake dampers for this vessel will be approved, provided the damper and gear be fitted to your satisfaction and be found satisfactory under working conditions.

It is noted that the area for outlet of the products of combustion when the dampers are closed will be 43% of the total as stated in the Firm's letter of the 18th April, 1934, for the case of the s.s. "ASTURIAS".

One set of the plans forwarded with your letter is being returned to you under separated cover.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,
BELFAST.
