

Both TS due 3.66.

"Screwstaff Suez overdue - class suspended 6.67"  
assigned 2.6.67.

LT 1.68 stated ship to be swapped.  
- as ship then overdue for TS & SS (due 1.68)  
Cttee argued "Class Withdrawn"

O's appeal 2.68 and asked for CWOR.

Cttee offered. Mistake "Class Suspended"  
in association with "To be broken up"

2.68: O's then offered to TS to obtain  
CWOR as they intended to run ship  
for a few months to account Suez crisis

1/3/68: Cttee offered CWOR if TS held  
some otherwise in addition to TS. They would  
require at least a 4% fee.

TS due April/May 2 as now are  
for rotate CWOR 1.68.
