17th October 1918.

Dear Sirs,

In reply to your letter of the 10th instant respecting the fee for the three main boilers made by Messrs. The Wallsend Slipway & Engineering Co., Ltd., their number No. 307B, Newcastle report 71319, which are now intended for the new Standard S.S. "WAR HAVEN", building by Messrs. The Blyth Shipbuilding Co., I have to inform you that the fee for these boilers will be in accordance with the terms of the Circular Letter No. 1307, $\frac{1}{4}$ of the total Machinery Fee, that is, $\frac{1}{2}$ of the total Survey fees. You will therefore be good enough to render an account to the Boiler Makers on this basis in due course, and advise me of the amount for insertion on your report together with the date of application.

I am, Dear Sirs,

Yours faithfully,

Secretary.,

The Surveyors,

NEWCASTLE-ON-TYNE.
