

STANDARD VESSEL "C" TYPE

S.S. "WAR HAVEN"

HULL: BLYTH S.B. & D.D.CO'S s.s.No.206 - L.R.SUPER'N.  
ENGINES: MCKIE & BAXTER Eng.No.897 - B.C. "  
BOILERS: WALLSEND S'WAY & E.CO B.No.307B- L.R. "

---

The Boilers for this vessel were originally intended for the s.s."MERCURY", and are now being installed on board under the supervision of the British Corporation Surveyors.

It is submitted the Newcastle Surveyors be advised that the fee for the survey of these boilers will be in accordance with Circular No.1307, viz:- one quarter of the machinery fee, i.e. one twelfth of the total survey fees, and that an account should be rendered by them in due course to the Makers of the Boilers.
