Dear Sir,

Referring to your 1st and 2nd Notice letters dated March 8, 1949 regarding surveys for subject vessels, this is to advise that the Annual Boiler Survey on the S.S. MUSA was undertaken at New York in March, 1949.

The S.S. "MARAVI" is arriving in New York about April 12 for a twenty five (25) day lay up at which time we intend to accomplish Special Survey, Annual Boiler Survey and Annual Load Line.

Yours very truly,

(Signed)

Superintendent Engineer.
