from CIA. NACIONAL DE NAVEGACAO COSTEIRA - Patrimonio Nacional.

Rio de Janeiro  
12th April 1954

The Surveyor,  
Lloyd's Register of Shipping,  
Rua de Candelaria 80 - 6th floor,  
RIO DE JANEIRO.

It has been decided that this company will no longer require surveys for classification purposes for any of the vessels of the fleet except in the cases of the RIO GUAPORE and the RIO JURUA.

With reference, however, to the vessel ITAHITE, which is at present under survey as per our request, we authorise that the same be completed.

We take this opportunity to present our protests of esteem and consideration -- etc. etc.

for the Company.

(signed) Mauro Ramos  
Superintendent.
