H. & H. CLARKE, ENGINEERS,

The Surveyors,  
Lloyd's Register of Shipping, 49, Queen Square, Bristol.

Dear Sir,

m.v. "C.F.H"

In reply to your letter of the 23rd August, the above vessel is trading from Avonmouth to and from Bristol Channel ports - I have today written the master, Capt. W. Stribling, to contact your Surveyor in any convenient port and get the Annual Survey done.

Earlier this summer the vessel was placed at your Plymouth Surveyors disposal for 7 days at Ilfracombe and I informed your London Office of this; but they were unable to attend and the vessel lost this time in consequence.

Yours faithfully,

HGG Clarke,

P.S. The vessel is now in Avonmouth
