

COPY OF AIR LETTER

LLOYD'S REGISTER OF SHIPPING

UNITED WITH THE BRITISH CORPORATION REGISTER

71, Fenchurch Street, E.C.3
3rd December, 1953.

Dear Sirs,

With reference to your letter of the 20th ultimo respecting the Steamer "NORTE", I have to inform you that the special notation in the Register Book regarding this vessel's boilers has now been amended to read: "~~ENB~~ made '40 Refitted '52". This, of course, indicates that the boilers were not new when installed last year and accordingly they are due for survey annually and since they were last seen at New York in July 1952 (when a record of ~~ENB~~ LMC 7,52 was assigned) a further Boiler Survey became due at the end of July last.

I shall be glad to learn in due course the Owners' intentions in regard to the carrying out of the inspection in question.

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,

BUENOS AIRES.
