21st July, 1920.

Dear Sir,

With reference to Glasgow First Entry Report No. 0157 on the Steamer "POLJANA", I shall be glad if you will kindly ascertain from the Surveyors and let me know whether the dry tank under the boilers has been tested, and if so state the length of the same.

At the same time, I shall be glad to learn whether the blow off cocks on the ship's side are fitted with spigots and brass covering plates.

I am, Dear Sir,

Yours faithfully,

Secretary.

The Secretary,
