

Enclosures

19th October, 1940.

Dear Sir,

I am in receipt of your letter of the 13th instant respecting the Salvage Lighters "L.C.8", "L.C.9", "L.C.23", "L.C.24" and Spud Pontoon "SO.412".

H.

As you will observe from the Register Book, the "L.C.8" and "L.C.9" no longer hold the Society's Classification but the classes of the "L.C.23" and "L.C.24" have been maintained and the Special Surveys due in each case have been partly held.

The deferred reports on the "L.C.23" and "L.C.24" are enclosed for your information and guidance.

The Spud Pontoon "SO.412" cannot be identified and it is concluded that she does not hold the Society's Classification.

Yours faithfully,

Clerk to the
Classification Committee.

D.L.E. Collinson, Esq.,
PLYMOUTH.
