

ADMIRALTY CASTLE CLASS TRAWLER S. S. "JOHN GAUNTLETT"
PROPOSED TO BE CONVERTED INTO CARGO CARRIERS.

Submitted that the Hull Surveyors be informed that if it is the intention of the Owners to utilise the space between frames Nos. 30 and 44 as a bunker, and not for the storage of cargo, there is no objection to the present arrangement of bulkheads being retained.

It is noted that this arrangement is to apply to the S.S. "COALAXE" ex "SEIS" and S.S. "FIRMAXE" ex "CUATRO".

The Surveyors should be asked to state if the same course is being followed in the case of the sister vessel S.S. "GRIFFITH GRIFFITH".
