"Y.C. 325"Non-Propelled Mooring Barge

Dear Sir,

With reference to our Report No. 66613 forwarded in February 1961 on the above barge we now enclose herewith a copy of a letter received from Messrs. E.K. Wallace & Son in connection with this vessel.

We also have forwarded today under separate cover Reports C.11 and C.11 (Comp.) on this vessel and would state that the information contained in the Rpt. C.11 (Comp.) now forwarded is the only information available to us, but a lines plan is included in the plans being returned to you from this office.

We would also state that the C.11 Report now forwarded gives particulars of the vessel as she was when she was laid up early in 1961 but during a recent visit it was observed that the entrances to various compartments of the vessel which is lying unattended were open. In this respect the condition of the items now reported would have to be verified by a condition survey prior to any contemplated voyage.

We have acknowledged the above letter and informed the writer that their enquiries have been passed to you for your comments.

Yours faithfully,
The Surveyors,
