Dear Sir,

S.S. "AGIOS GEORGIOS".

I am now advised that this vessel is being classed with the American Bureau.

The Owner had previously approached this Office as to our requirements and I advised him that a full Special Survey would have to be carried out according to the Rules including the Boiler Survey. Also that the M.E. circulating pump would have to be renewed as previously recommended.

He implied then that he would probably approach the American Bureau for Classification.

I am, Dear Sir,

Yours faithfully,

The Secretary,  
London.
