

COPY

26th February, 1947.

S. Dear Sirs,

I have to acknowledge the receipt of your letter of the 22nd instant, with its enclosures, regarding the donkey boiler fee in the case of the Motorship "CAPETOWN CASTLE", and it is regretted that when my letter of the 24th ultimo was addressed to you the previous decision regarding the donkey boiler fees of this vessel was overlooked. The Owners' view is in order and you should accordingly render an amended account for a fee of £6 as regards the part Donkey Boiler Survey held at your port in August/December last.

I shall be glad if you will express our regret to the Owners for the oversight in this matter.

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,

BELFAST.
