High Close,

Wiltshire Road,

Wokingham, Berks.

Enclosure.

26th February, 1940.

Dear Mr. Barwick,

I enclose a copy of the cablegram regarding which I telephoned you this afternoon.

When the matter has received consideration I shall be glad if you will kindly let me know, for Mr. Dykes' information, what reply should be given to Mr. Smith. The latter gentleman is, I understand, living practically in retirement, and is not likely to be visiting London in the near future, so that it is hardly possible to suggest that he should call upon you.

I should explain that Mr. William Smith is the London representative of the Whangpoo Conservancy Board, and that "Utne" is a Norwegian.

I am also sending the deferred reports on the case.

Yours sincerely,

*H. H. Betts*
