Dear Sir,

In reply to your Classing Letter of the 28th ultimo, regarding Danzig First Entry Report No. 154 on the twin screw hopper suction dredger "FU SHING" I have to state that the actual width of the bridge deck stringer plate is 1000 mm.

I presume that you are referring in your letter to the ship forging reports and I have to mention that these were forwarded at the same time as the First Entry Report, as it appears, however, that they have not reached you I am enclosing the necessary copies.

I am, Dear Sir,

Yours faithfully,

James C. Dykes

The Secretary,
LONDON
