

in Burmeister & Wain Ltd

Yard n° 666

M.V. "NAVITAS"

The plans of General Pumping Arrangement, Amended Pumping Arrangements in the Machinery and Arrangement of Fuel Oil Tanks have been examined and the arrangements are such as could be accepted. It is however concluded that the drains (P.B.S.) from the flat containing the settling and service tanks are led to the engine room bilge & not to the hold bilges.

Return plan.
