QUESTION.

ANSWER.

With reference to previous correspondence regarding the fleet of Messrs. Oddsson & Co. Ltd., it is concluded that this vessel remains out of commission and I shall be glad if you will confirm that this is so.

You will observe that the Intermediate Survey of the Oil Engines became due at the end of January last.

L.R.

Date:— 27th April, 1951.

In reply to enquiry the Liquidators state that the vessel is still laid up at this port. They have had an offer for the purchase of the vessel for scrap but no decision has yet been made and they have promised to advise us immediately this ship is disposed of.
