Lloyd's Register of Shipping 10 JAN 1944

Port Vancouver, B. C.

September 29th, 1943.

This is to Certify that I have

Surveyed the Boiler and Machinery of the Steel Single Screw Steam Tanker, "MOUNT ROYAL PARK", 7207 tons gross, during installation on board at Messrs. Victoria Machinery Depot Co. Limited, Victoria, B. C., their Hull No. 29, (The Boilers and Machinery having been previously constructed under the Special Survey of the Society's Surveyors), and that I have transmitted to the Committee of Lloyd's

Register of Shipping, London, a Report stating that all recommendations made by me in connection therewith have been carried out to my satisfaction, and that I have

Recommended that the record of *L.M.C. 9, 43, subject to Electrical Installation being specially examined before the end of September, 1945,

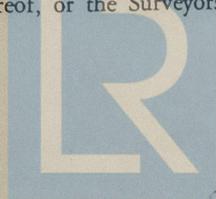

be made in the Register Book in the case of this vessel.

See Appendix
Certificate of
A. J. Bower
Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
