71, Fenchurch Street, E.C.3.

ENCLOSURE

20th March, 1950.

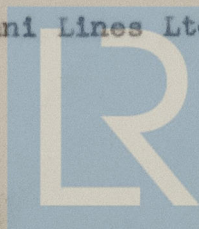

Your Ref:PB/PM

Dear Sirs,

S I have to acknowledge the receipt of your letter of the 16th instant respecting the Steamer "DESTRIAN", the contents of which are noted. With regard thereto, I have the pleasure to enclose a certificate relating to the Boiler Survey carried out in March last, also one in respect of the survey carried out in drydock in September last, which contains a reference to the Special Survey carried out in April 1946. I have further to inform you that the Special Survey of hull and machinery was carried out by Society's Surveyors to the British Corporation in April 1946, and the only outstanding classification item relates to the bilge plate rivets (leaky) at after end of the engine room (s.s.) which required to be dealt with at the next drydocking.

Mr. A copy of this communication is enclosed for your assistance.

Yours faithfully,

Clerk to the
