

## POSTPONED SURVEYS.

*Glenn*

Case of the Tw. Sc. "CHING MEN"

No. 55750 in Reg. Bk. tons, Built

Classed Owners

Port of Registry

Survey Due Cargo port doors and side scuttles to examine to verify compliance with the Society's requirements.  
Main engine driven salt water cooling pumps to be changed first opportunity.  
Stern tube roller bearing to examine after a period of service not exceeding 12 months.  
Modified Survey of the Oil Engines due 8.50.  
Special Survey due 9.52.  
"Surveys delayed" assigned 13.10.50.

This vessel has been at Chungking in the upper Yangtze (Communist territory) for some considerable time.

In view of the fact that the Special Survey became due at the end of last month, this case is submitted for the consideration of the Committee.

Committee's Minute FRI. 3 OCT 1952.

Decision Add. Class suspenses  
to Surveys delayed notation
