J. L. Lytle Esq
Dear Sir

from of the
26 aug & hand and note
its contents. As I promised
I sent away to London my Report
on the Panama the fees being
received by me. I am sorry
to learn that the makers of
the Engines refuse to pay the
charges for survey which I do
not see. I regret the delay

as to my involvement
the Builders. I made the
notation on the report as
suggested by you.

It is a great pity that so
much trouble should be
caused. This is the first
case I have had of the kind
and I hope it will be long
before another crops up.

Yours truly

J. W. Little

I wired you previously, and
I hope the fees will be
paid that the report may

be in time for Tuesday's
meeting.
