

Received 19th June, 1912

Answered .....

Extract from letter dated 17th June, 1912 received from .....

Messrs. The North Eastern Shipping Co. Ltd.,

Original letter with .....

Vessel's Name "KATHLEEN"

We may at the same time add in reference to the "KATHLEEN" that we regret to say that Messrs. Hall, Russell & Company have not got delivery of the furnaces of the new boiler yet. They have got the shell plates all ready and bored, but there seems some delay in getting forward the furnaces. This, no doubt, has also been caused by the serious stoppages owing to these dreadful strikes.
