**Timbering.**—The Space between the Floor Timbers and Lower Foothooks is 3 Inches. The Space between the Top-Timbers is 3 Inches.

The Floors consist of Baltic Oak Larch & Eg. Pine, The First Foothooks of Larch & Baltic Oak,

The Second Foothooks of Baltic Oak, The Third Foothooks and Top Timbers of Larch & Baltic Oak.

The Shifts of the First and Second Foothooks are not less than 3 feet 10, N. B. When less than prescribed by the Rule, state how many.

The rest of the Shifts of the Frame are 3 feet 10

The Frame is well squared from the First Foothook Heads upwards, and well free from sap, and from thence downwards, the frame is good

The alternate Frames are all bolted together to the Gunwale. N. B. If not, state how bolted.

The Butts of the Timbers are all close together; their thickness not less than 4<sup>1</sup>/<sub>2</sub> of the entire moulding at that place.

The Frame is well chocked with a Butt at each end of the chock. The Main piece of Rudder is Baltic Oak.

The Main Keelson is Baltic Red Pine, and is free from all defects. The Main piece of Windlass is Baltic Oak,

The Stem, and Stern Post, consist of Baltic Oak, The Transoms, Aprons, Knight Heads, and

Hawse Timbers of Baltic Oak & Danish Deadwood, of Larch and are well free from all defects.

The Deck and Hold Beams consist of Larch & Baltic Pine The Breasthooks of Larch The Knees of Larch & Pine

**Planking Outside.**—From the Keel to the Height defined in Note to Table A { the Plank is Amber Elm & Baltic Pine, or to the First Foothook Heads }

From the above named Height to the Light Water Mark Consists of Baltic Red Pine

From the Light Water Mark to the Wales Baltic Red Pine & Larch

The Wales and Black-strokes are Baltic Oak & Larch The Topsides Pitch pine & Larch

The Sheer-strokes and Plank-shears Baltic Oak & Larch The Water-ways { Upper Deck Pitch pine & Larch

The Decks Consists of Yellow Pine, Lower Deck none

The Shifts of the Planking are not less than five Feet — Inches. State of Material Good,

or partial, and if partial, in what part of the Ship. The Planking is wrought three between, and without step-butting.

**Planking Inside.**—The Limber-strokes and Bilge-strokes are Baltic Red Pine & Larch,

The Ceiling, Lower Hold, and between Decks Baltic Red Pine, Shelf Pieces and Clamps Larch & Pine,

**Fastenings.**—To Hold Beams are four pairs of Iron Three-pieces,

through bolted & clinched,

Deck Beams are secured with Anchored Lacing knees to each beam end,

& span of non-hanging knees, strongly bolted & clinched,

Number of Breasthooks three, Pointers 3 from Larch Crutches one, three

Butts End Bolts are of Yellow Metal in the Bottom, and one Bolt in each Butt End through and clinched.

Bilge and Limber Strakes are made of Yellow Metal bolted through and clinched. Treenails of Larch & Pine How Made plain

Thickstuff over Double Floors — bolted through and clinched. General Quality of Workmanship Good

We certify that the above is a correct description of the several particulars therein given
