General Observations and Opinion, Caulking of Bottom, Deck, and Waterways
This vessel has been well overhauled, as far as could be seen with ballast, on board, the deck beams all examined & boring at each end & proved all sound & good. The sheerstrakes, planksheers & waterways recaulked. This now in a good & efficient state fit for the carrying of any dry & perishable cargoes. It has all parts of the vessel under my eye & is in my opinion eligible for the carriage of cargo.
