Belfast 4<sup>th</sup> March /50

Charles Graham Esq

Sir

When your favour of the 22<sup>d</sup> Inst  
came to Belfast, I had just left home for  
a few days.

There was a mistake in No 1139, her  
name is W<sup>m</sup> Galloran, I am sent the W, in the  
certificate if you approve of me doing so.

No 1141 Brigantine Whim might have been  
recommended a longer class on the A.I. from the  
wood she was built of, but being a rough  
finished vessel, I thought five years was a fair  
class for her
