

REPORT, No.

3040

FROM

Belfast

DATE

26/4/84

ON THE

Shemle

REMARKS OF THE CHIEF SURVEYOR.

The best bower is slightly less, but each of the other bowers is heavier than required and the Collective weight is 10 lbs in excess.

It is submitted that this vessel merits the favorable consideration of the Committee to be classed 100A.1 as recommended -

10²/₂ (iron) & R.Q.S.

A.P.T. 22 tons, F.P.T. 20 tons.
