

No. 5838

(Received in London Office,

TESTS OF BOILER STEEL.

Tests of 2 Steel plates manufactured by The Steel Co. of Scotland of Glasgow for Boiler No. 207 to be constructed by Harland & Wolff of Belfast for S.S. No. 207 building by Harland & Wolff

Date first visit 17th Nov. 1887 last visit No. of visits 1

The plates specified in the accompanying copy of Advice Notes were rolled from charges. The tensile test has been applied to 2 samples as set forth below, and the temper and bending tests to samples from each plate with satisfactory results

When a second test is applied, the result should be recorded immediately below the record of the original test. The number of plates or bars included in a rejection must be clearly stated.
