The Secretary.
London.

Sir.

In reply to your letter of the
4th inst., respecting the cables of the ship
"Lauriston", I beg to state that I have
again interviewed the Builders on
this subject and find that their McClark
purposes calling at White Lion Court,
when in London, next week.

The Builders appear to have placed
the matter entirely in the hands of
the chain makers.

I am, Sir,
Yours faithfully.
