urs of Examination and Repairs (if any) Docking

beys, when held, must be reported in detail and seriatim in the terms of the Rules. State clearly the rs, if any, and, in detail, the nature and extent of Examinations and subsequent Repairs. Repairs on mage (the cause of which must be stated) should be separated from Repairs due to other causes; and tetailed in the body of the report, should be briefly summarised at the end of the report. State also the tails of any letters respecting this case.

personally go inside each Main Boiler separately and make a thorough examination at this time? no.

" Donkey " " "

one, state for what reasons? not due.

f the Boilers could not be thus thoroughly examined? —

l means, in the absence of internal examination, were adopted by the ssure himself of the thorough efficiency of those parts of each Boiler? —

examine the Safety Valves of the Main Boiler? — To what pressure were they afterwards adjusted under steam? —

r examine the Safety Valves of Donkey Boiler? — To what pressure were they afterwards adjusted under steam? —

shaft been drawn and examined at this time? no. If spare propeller shaft fitted, state whether new? —

between lignum vitæ of stern bush and top of after bearing of screw shaft? about 1/16".

ot complete state what arrangements have been made for its completion and what remains to be done? —

done Vessel placed in Graving Dock. Fastenings of sea cocks and valves outer end of stern bush, propeller and fastenings of same examined and found in good condition.

Observations, Opinion, and Recommendation :—

y what alteration, if any, is suggested to be made in the existing classification of the vessel's machinery in the Register Book, consequent upon this survey, and also lteration required to be made in the records of the vessel's machinery, boilers, working pressures, &c.: thus, for example, B.S. 9,97, B.&M.S. 9,97 or ✠L.M.C. 9,97, , N.D., &c.)

The above report is submitted for the information of Committee, the Vessel being new, so far as seen. in and efficient condition
