

549
Appledore 15 July 1849

Charles Graham Esq^r

Sir

In reference to
the schooner Rose - when Mr. Cressy
was in Brownstable last Dec^r, and viewing
the said schooner it was then understood
that s^{he} was to have two Hold beams -
Now the Builder informs me that the
Owner would rather not have the Hold beams
and that the Committee did not require
them
The Rose is a fair 12 years vessel
except the Hold beams which I think should
be - say one abaft the Foremast and one
before the Mainmast

I am

Sir

Yours Most Obedt. Servt
James Brown
